

A LETTER FROM J. H. KINNEY REPUBLICAN CANDIDATE JUSTICE OF THE PEACE

East Phoenix Precinct
Phoenix, Arizona.

My Friend:—

In seeking the office of Justice of the Peace of the East Phoenix Precinct, I desire to ask you to carefully examine my record as Chief of Police for the six years, 1901 to 1907, and to note the fact that at this time it was an elective office for which I three times successfully made the race.

The duties of Chief of Police include not only the making of arrests but the adjusting of many small complaints and grievances, which unless adjusted in peace means trouble and litigation.

If elected I pledge you that I will earnestly endeavor to be a Justice of the "PEACE" and not make the office a persecuting station on the way to the Superior Court for the creation of numerous expensive jury trials.

I am anxious for you to know I will appreciate your vote in the coming election and will try to see you personally before that time and have a talk with you.

Yours very respectfully,

J. H. KINNEY,

TWELVE STATES HAVE BULK OF PUBLIC DOMAIN

Uncle Sam still has considerable land to give to the enterprising citizen, man or woman, who wishes to establish a home. Secretary of the Interior Lane announces that more than a quarter of a billion acres of land remain in the public domain, according to official figures, just compiled by the general land office. These acres are located in twenty-five different states, extending from California to Michigan, from Florida to Washington. All but 2,236,000 acres of it is in the far west with Nevada containing the highest acreage, 55,375,977. An even dozen of the extreme western states alone hold more than 250,000,000 acres. The exact amount of land that is unreserved and unappropriated, according to the official figures, is 254,945,589 acres. Of this amount, approximately 92,000,000 acres are unsurveyed.

Missouri reports the least area of vacant land, having but 952 acres, which are scattered over sixteen counties. Alabama has 42,680 acres in 51 counties, Florida 132,237 acres in 45 counties, Mississippi 30,374 acres in 58 counties, and Louisiana 44,804 acres in 57 counties.

In 52 counties of Michigan may be found 90,540 acres, while 30 counties in Wisconsin report 5872 acres.

Of the Pacific states, California has 20,025,999 acres of vacant land; Oregon 15,337,809, and Washington, 1,132,371.

Large areas of vacant land are reported in the Southwestern states, as follows: Arizona, 23,597,219; Nevada, 55,375,977; New Mexico, 26,338,379; Utah, 32,968,837.

The land in the Dakotas is rapidly passing into private ownership, only 2,382,588 acres of vacant land being reported in South Dakota, and 281,199 acres in North Dakota.

Of the northwestern states, Idaho contains 15,519,561 acres of vacant land, of which 6,673,071 acres are unsurveyed; Montana, 16,649,725 acres with 7,429,071 unsurveyed; and Wyoming 25,528,492 acres with 1,969,752 acres unsurveyed.

Kansas' vacant area is reported as 56,018 acres, while Nebraska contains 146,256 acres.

In Colorado, over two and a quarter million acres were appropriated during the last fiscal year, leaving 14,908,127 acres now vacant. Of this area, over 2,000,000 acres are unsurveyed.

The total area of unappropriated land, surveyed and unsurveyed, in the twenty-five public-land states, is reported as follows:

Alabama	42,680
Arizona	23,597,219
Arkansas	492,319

Colorado	14,908,127

Very strong feeling in Apache county in favor of only giving one term to county officers, but when the same voters voted on state offices, they usually voted for giving them a third term.

RESULTS OF PRIMARY IN APACHE; RESCUE CLUB AMONG VOTERS

(Special Correspondence.)

ST. JOHNS, Sept. 15.—Apache county primary has resulted in this democratic result: for supervisors, Henry C. Overman, of St. Johns, and C. C. Naege, of Vernon; for county attorney, Andrew S. Gibbons, of St. Johns; for sheriff, E. W. Grimes, of St. Johns; for treasurer, Joe Burgess, of Eagar; for superintendent of schools, J. W. Brown, of St. Johns; for assessor, Allie Miner, of St. Johns; for state senator, Fred T. Colter, of Colter; for representative, William E. Whitbank, of Eagar; for recorder, Annella S. Lott, of Eagar; August Miner is the democratic nominee for justice of the peace at St. Johns and Eliza Averett is nominated for the same position at Springer.

The republican ticket is the following: for supervisors, Heber Jarvis and Joy E. Patterson, of St. Johns; for county attorney, Gilbert E. Greer, of St. Johns; for sheriff, Almon Ruge; for treasurer, W. B. Eagar; for superintendent of schools, W. S. Gibbons, of Eagar; for assessor, J. S. Gibbons, of St. Johns.

The republicans have no candidate for recorder or for either of the legislative positions.

The positions on the republican ticket were practically all to be had for the asking but the democratic ticket was the result of a lively fight on all the positions excepting for state senator and county attorney. It was a specially hard fought contest between E. W. Grimes and Andrew Maxwell for the sheriff's office. There were five candidates for assessor and the fight was close between C. S. Leve and Allie Miner who won over him. Mrs. Berry, who was Apache county's representative in the lower house last time, was a candidate for re-nomination and was defeated by Mr. Whitbank. Mr. Burgess, Mr. Brown and Mr. Colter are the only present incumbents who Johns and Eliza Averett is nominated for the same position at Springer.

KENTUCKIANS BUY BIG TRACTS VALLEY AGRICULTURAL LAND

Sales of eight tracts of land in different parts of the valley aggregating 330 acres at the total price of \$200,000 was effected by Jordan & Company, during this month to some excellent people from Kentucky who are coming here to make their homes. Some of these gentlemen had been here in August last, but most of them had never seen the valley before, and they are all delighted with the prospect and have gone home to prepare to bring their families to the valley.

The list includes H. D. Thornton, Robert Lammart, L. L. Barrett, C.

H. Bradley, Colonel G. W. Dixon, P. L. Sale, J. D. Johnson and R. E. Grace, all high class citizens.

This looks as if the Salt River Valley was really coming into its own. It is the finest valley for agriculture, horticulture and stock growing in the world and these gentlemen had the intelligence to see it. These men realize something of the value of soil that makes it possible to produce in one season, ten tons of cured alfalfa per acre and \$500 to \$1,200 of grape fruit per acre, and a climate the most beautiful of any in this blessed United States of America.

JONES TELLS WHY TALLEY REPRIEVED

That the ninety day reprieve of Robert Dayton Talley had no political or other ulterior motive was the statement of Attorney General Wiley Jones, yesterday. Mr. Jones adduced as proof, the fact that Thursday was the first occasion the board of pardons and paroles had to pass on the case of Talley and that his reprieve had been granted because it was out of the question that the board should let the hanging proceed without hearing the new evidence promised by the defense.

The case of Garcia was pointed out. Garcia murdered Policeman Harris in

Phoenix five years ago, and his case has not yet reached the supreme court. Talley's sentence was affirmed in July and a motion for a new trial threw it over into August, when the court returned from vacations.

The two Azules, Garcia and the two negroes in the penitentiary will all be affected by the action of the electorate in November.

The recommendation in the Talley case is as follows:

Florence, Ariz., Sept. 14, 1916

Hon. G. W. P. Hunt,

Governor of Arizona,

Florence, Ariz., Sept. 14, 1916

Dear Sir:

Whereas: In the matter of the application of Robert Dayton Talley, No. 4202, a prisoner under sentence to hang tomorrow, new evidence has come before the board which requires time for further consideration in the investigation of this case and the board deeming it necessary to continue said investigation, and for the same reasons find it also necessary
